

MDA9

MDA9 PARTS

Packing List

Handle 1 set
Flat mop plate 1pc
mop refill 1pcs
Instruction manual 1pc

Warm reminder:

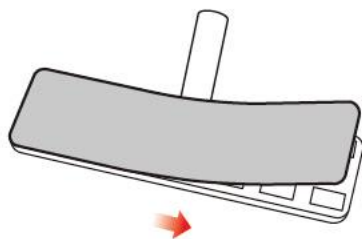

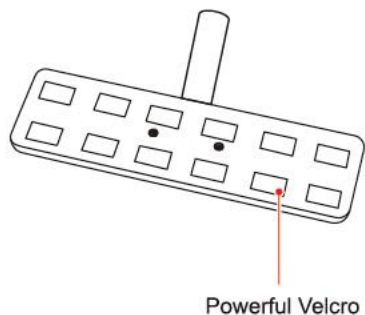

Because the mop will be factory inspection, there will be a small amount of residual water in the reservoir bottle is a normal phenomenon.

Note

Pole installation: Align the snaps and insert.

MOP REFILL ASSEMBLY

Refill Installation:

The edge of the refill is aligned with the mop plate, and fit naturally with the plate

OPERATE INSTRUCTIONS

Pull the handle upwards to spray a fan-shaped mist of water, leaving the floor slightly wet, and push the mop forward at 45°; wait for the mist to mop up, then continue to repeat the above work to complete the floor cleaning.
